

## LCD-Interface 017 / 029

LCX 017 / LCX029 Controller

LCX017 Display/Adapter

LCX029 Display/Adapter

### INTERFACE for SONY b/w LCD-panel LCX017 and LCX029

#### specifications

video signal	1024 x 768 from DVI socket
Power supply	+ 5V (+/- 3%), stabilized, 0,7A +20V (19-25V), stabilized 0,3A
offset necessary:	for exposing photographic paper to compensate panel shading
dimensions interface	160 x 100 mm
dimensions flexible circuit adapter	38 x 50 mm

#### interface calibration:

mirror, left + right, up + down	jumper
LCX017/LCX028	jumper
contrast	poti
brightness	poti

### POLARIZER for SONY b/w LCD-Panel LCX017 and LCX029

	<u>polarizer standard:</u>	floatglas 1,0 mm, 1-side anti reflection coating
	<u>polarizer wide angle:</u> <u>for wide angle compensation</u>	floatglas 1,1 mm, 1-side anti reflection coating
